All new for 2017 – Master Craft XT-23!

Loaded with all the latest features, like the all new Next Generation Ilmor 5500 GDI injected engine.

Ilmor is the only marine engine with a 5 star emissions rating!

MasterCraft's all new patent Dock Star handling system.

Gone are the days of the Inboard only backing up one way.

Now you can back the boat up in either direction just as you would with a Stern drive or Outboard.

Come see the all new XT 23 to see more of the new innovations!
